

SALZBURG MATHEMATICS COLLOQUIUM

Summer 2018

April 12, 2018

Clemens Heuberger (Klagenfurt)

„Analysis of sequences using transducer automata theory“

May 17, 2018

Dietmar Hömberg (Berlin)

„European collaboration in industrial and applied mathematics “

May 24, 2018

Siegfried Hörmann (Graz)

„Detection of periodicity in functional time series“

June 14, 2018

Mokshay Madiman (Delaware)

„The geometry of convex measures“

June 28, 2018

Antonia Passarelli di Napoli (Naples)

„Higher differentiability results in calculus of variations“

Thursday, **15:00-15:45**

Hörsaal 414, 1. Stock
