 - 1.1. Location
 - 1.2. History,
 - 1.3. Faculties
 - 1.4. Mission
 - 1.5. Research
2. Programme. Potential points to cover:
 - 2.1. Profile
 - 2.2. Courses
 - 2.3. Teaching Methods
 - 2.4. Differences from the rest of the programme
 - 2.5. Contribution to students' curriculum
 - 2.6. Supervision
 - 2.7. Recognition process
3. Accommodation
 - 3.1. Area
 - 3.2. Living space
 - 3.3. Amenities and costs
4. Student life
 - 4.1. Cost of living
 - 4.2. International/student community
 - 4.3. International/student community
 - 4.4. Activities
5. City life
 - 5.1. Transportation
 - 5.2. Cultural scene
 - 5.3. Entertainment

It would be highly appreciated if all institutions could contribute with pictures, not only for the purpose of this webinar and the presentation, but the website as well. Pictures with image usage rights.

Current EuMIGS DD students:

One or two students will talk about their experience as EUMIGS Double Degree students.

The students can choose the focus of their talk however, it could be helpful for future students to cover issues as:

1. Motivation and application process
2. Experiences so far, arrival at the host university, daily life as a EuMIGS student
3. Gains of having chosen the DD and difficulties faced in the process both practical and emotional

Q&A session:

- The Q&A session will be held at the end of the webinar, to avoid interruptions during the presentations and stay within the scheduled time frame.
- However, participants will be advised to send their questions in the chat function of the platform during the whole duration of the presentations, in addition to the questions they can ask live in the Q&A session.
- The EuMIGS DD students should be part of the Q&A to answer question that could come up from their presentations or questions that they could possibly answer better than the universities' staff.
- The moderator of the webinar will make sure that questions are asked and answered in an orderly manner.
